N° **1444** _ C/ITS/DG/C/DAF/2025

Yaoundé, 31 October 2025

PRESS RELEASE

The Vice President of the Interministerial Committee for the Monitoring, Facilitation and Support of the WDI Program, and General Manager of Impex Trading informs the national and international public that, as part of the implementation of the WDI Investment Program, the Ndollè City Project, and other Integrated Projects, significant progress has been achieved.

The privileged drawing right granted by H.E. Mr. Paul Biya, amounting to USD 10.7 billion per year (approximately XAF 6,500 billion), has received all favorable approvals from the Minister of Finance and the General Directorate of Taxation. The recommendation of the Bank of Central African States (BEAC) has been duly executed in accordance with regulations governing the registration of the Investment Agreement as a Credit Agreement.

This decisive milestone paves the way for the upcoming **laying of the foundation stone (groundbreaking ceremony) of the Ndollè City Project**, a large-scale initiative bringing together the expertise of over 5,300 international companies from more than 100 countries, in collaboration with 12,000 local and subregional SMES. Ultimately, **the project is expected to create 2,325,000 direct and indirect jobs.**

The Vice President of the Interministerial Committee for the Monitoring, Facilitation and Support of the WDI Program and General Manager of Impex Trading reaffirms his commitment to supporting the economic, social, and structural development of Cameroon, in close collaboration with the Government, through this transformative initiative.
